OBJECTIVE
Obtain an entry level position in software development with a leading company where I can apply and extend my experience in software related concepts.

EDUCATION
- **THE OHIO STATE UNIVERSITY** (Columbus, OH)
  Bachelor of Science, Major in Computer & Information Science
  Specialization: Artificial Intelligence   Minor: Chinese
  Graduation: *December 2020*
  Current GPA: 3.49/4.0   Dean's List: 4 semesters

TECHNICAL SKILLS
- **Object-Oriented Programming**
  Coursework and experience with Object-Oriented programming principals, the software development lifecycle, syntax, libraries, studies of logic, algorithms, and data structures.

- **Web/UI**
  Coursework and personal experience involving construction of webpages using HTML and CSS, building and outputting HTML webpages through programming languages, web-scraping in Ruby and JS, using JavaScript to program dynamic functions on a webpage, and using Ruby on Rails to create a web app.

- **Languages/Frameworks**
  - **Fluent:** Java | Python | JavaScript | Ruby | C | HTML | CSS
  - **Intermediate:** SQL | XML | x86 assembly | Scheme | Rails | jQuery | C++ | React Native | MATLAB

- **Environments/Operating Systems:** Eclipse | Linux | Windows | MacOS | Git | Jira | TestRail

RELEVANT COURSES
Project Course: Web Apps | Capstone Design: Knowledge Systems | Information Security | Computer Networking | AI: Computer Vision | Survey of Artificial Intelligence I/II | Principles of Programming Languages | Software Engineering Techniques

EXPERIENCE
- **ARCOS, *Quality Assurance/IT Intern*** (Columbus, OH)   *May 2019 – September 2019*
  Worked as a member of the QA team to validate software functionality. Responsible for executing testing plans to ensure web/mobile app design met customer specifications. Reported bug failures to development staff. Additional duties included working in Arcos IT to provide support for office staff including setting up workstations, network users, and security profiles. Worked using Jira and TestRail in an Agile work cycle. Additionally, developed SQL knowledge through running test queries to databases.

- **STARBUCKS, *Barista*** (Avon Lake, OH)   *May 2017 – August 2017*
  Learned to work fast in a customer facing role, promoting safety and cleanliness while also efficiently managing incoming customers and completing orders.
